Bayliss, W. M.
Changes in the electrical state of the body and their relation to the nervous system 536

Fearnsides, E. G.
The innervation of the bladder and urethra: a review 149

Head, Henry, and Riddoch, George.
The automatic bladder, excessive sweating and some other reflex conditions in gross injuries of the spinal cord 188

Holmes, Gordon.
The symptoms of acute cerebellar injuries from gunshot wounds 461

Hunt, J. Ramsay.
Progressive atrophy of the globus pallidus 58

Orr, David, and Rows, R. G.
Further observations on experimental toxi-infection of the central nervous system 1

Riddoch, George.
Dissociation of visual perceptions due to occipital injuries, with especial reference to appreciation of movement 15

Riddoch, George.
The reflex functions of the completely divided spinal cord in man, compared with those associated with less severe lesions 264

Riddoch, George, and Head, Henry.
The automatic bladder, excessive sweating and some other reflex conditions in gross injuries of the spinal cord 188

Rows, R. G., and Orr, David.
Further observations on experimental toxi-infection of the central nervous system 1

With, Carl.
Studies on the different reactions (lymphocytosis, Bisgaard, Ross and Jones, and Wassermann) in the cerebrospinal fluid in cases of syphilis 403

INDEX OF SUBJECTS.

PAGE

Bladder, the automatic, excessive sweating and some other reflex conditions in gross injuries of the spinal cord. Henry Head and George Riddoch 188

Bladder and urethra, the innervation of the. E. G. Fearnsides 149

Central nervous system, further observations on experimental toxi-infection of the. D. Orr and R. G. Rows 1

Cerebellar injuries, the symptoms of acute, from gunshot wounds. Gordon Holmes .. 461

Cerebrospinal fluid, studies on the different reactions in the, in cases of syphilis. Carl With 403

Corpus striatum, progressive atrophy of the globus pallidus. J. Ramsay Hunt .. 58

Dissociation of visual perceptions due to occipital injuries, with especial reference to appreciation of movement. G. Riddoch 15

Electrical state of the body, changes in the, and their relation to the nervous system. W. M. Bayliss 536

Infection, further observations on experimental toxi-, of the central nervous system. D. Orr and R. G. Rows 1

Movement, appreciation of, dissociation of visual perceptions due to occipital injuries, with especial reference to. G. Riddoch 15

Occipital injuries, dissociation of visual perceptions due to, with especial reference to appreciation of movement. G. Riddoch 15

Paralysis agitans, progressive atrophy of the globus pallidus. J. Ramsay Hunt .. 58

Reflexes, the automatic bladder, excessive sweating and some other reflex conditions in gross injuries of the spinal cord. Henry Head and George Riddoch.. 188

the reflex functions of the completely divided spinal cord in man, compared with those associated with less severe lesions. George Riddoch .. 264

Spinal cord, injuries of, the automatic bladder, excessive sweating and some other reflex conditions in gross injuries of the. Henry Head and George Riddoch 188

the reflex functions of the completely divided, in man, compared with those associated with less severe lesions. George Riddoch .. 264

Sweating, excessive, the automatic bladder, and some other reflex conditions in gross injuries of the spinal cord. Henry Head and George Riddoch 188

Syphilis, studies on the different reactions in the cerebrospinal fluid in cases of. Carl With 403

Visual orientation, dissociation of visual perceptions due to occipital injuries, with especial reference to appreciation of movement. G. Riddoch 44

Visual perceptions, dissociation of, due to occipital injuries, with especial reference to appreciation of movement. G. Riddoch 15
